THE SPIRITUAL DIMENSION OF CARE

A Seminar about Christian Science Nursing

Presented jointly by Lime Tree House and Le Verger

January 30th 2021 - 9:00 am to 5:00 pm with an half hour lunch break

A seminar about Christian Science nursing: For whom? For you?

Have you ever thought about the *Church Manual* bylaw for the Christian Science Nurse? Does it have any relevance for you?

We start the seminars by asking ourselves these important questions.

As we look more closely at The Church Manual, it becomes clear that this provision is meant for each individual member of The Mother Church, since it is found at the end of Article VIII, under the title “Guidance of Members”.

Therefore, this one-day Seminar about Christian Science nursing is open to each member of The Mother Church and anyone else interested in this subject. It is an invitation to strengthen the healing mission of our church, and to discover together how a better understanding of the *Church Manual* blesses each of us individually.

The seminar takes a day. It covers the foundation on which Christian Science nursing is based, the *Church Manual* bylaw, qualities important to nursing listed in *Science and Health with Key to the Scriptures* by Mary Baker Eddy, and its ethical foundation in the Bible.

We talk about the development of Christian Science nursing from its beginnings up until today, and in the process we learn a lot about Mary Baker Eddy’s vision of this healing activity. Together we discover a spiritual dimension of care, as defined in the *Church Manual*, and how it applies to us and our lives. This is done in an open and relaxed atmosphere, where we exchange ideas and share experiences.

Let’s take Mary Baker Eddy at her word, when she promises: “Of this I am sure, that each Rule and By-law in this Manual will increase the spirituality of him who obeys it, invigorate his capacity to heal the sick, to comfort such as mourn, and to awaken the sinner.” My 230:8
